FSc <i>Fazaia Intercollege</i>	2021 – 2023
Matric <i>Fazaia Intercollege</i>	2019 – 2021

WORKING EXPERIENCE

Full-Stack Development – (.NET)

Flexi-Pay (Smart Installment Management System)

- Built a Blazor Server-based web application to manage flexible customer installment plans with modules for inventory, customers, payments, and real-time tracking.
- Integrated Twilio for payment reminders and much more.

React Project

Vietnam Travelling Tour Guide Website

- Developed a dynamic travel website using React 19 and modern UI libraries, featuring reusable components and custom hooks.

Blazor & C# Development

2023

Appointment System

- Built a console-based Learning Management System in C++ using Object-oriented Programming and data structures like linked lists and stacks.

C++ Project

2023

Student LMS

- Built a responsive appointment system using C# and Blazor with real-time booking and user authentication, integrating backend services and a database.

ACHIEVEMENTS

- Awarded Certificate of Achievement for SGPA 3.43 — 2nd Semester.
- Awarded Certificate of Achievement for SGPA 3.35 — 4th Semester.
